

REPORT OF MCO WORKING GROUP

1. What we have done since first meeting.
2. Projects for the future

1. What we have done since first meeting

- A. Made survey of UEC on possibility to have video conferencing at UEC meeting. Results discussed and decision made to not pursue for now.
- B. Had successful UEC meeting at Maui with around 30 people. In open forum Angelika suggested CAD scientists would like to be users. Susan is taking care of this matter. Vickie thought good to have junior persons give talks at UEC meetings and agreed a good idea.

2. Projects for the future

- A. Sent email to all MCO members concerning plans for future activities.
- B. A nice detailed reply from Abhay on ideas he had for generating material and organizing it so that it would be a resource for users giving talks to audiences at many different levels.

2. Projects for the future

- C. Carla sent report saying that she would find someone from ASAP to come and give us a talk at the next forum on ASAP activities which could serve as a starting point for discussion of needs of students and postdocs.
- D. At Maui looked in on JLAB User's Meeting. They had good attendance and lively discussions. Talked to Tony Thomas and they have reports from experiments.

2. Projects for the future

- E. Have Open Forum in December meeting. Is this time for ASAP speaker. How do we advertise?
- F. UEC meeting in Dallas in April. Planning.
- G. Planning for Annual User's Meeting in June.
